

SCHOOL BASED HEALTH CENTERS KEEP **STUDENTS** *healthy!*

**Ava didn't
have to miss
any school
time to get
her medical
care.**

Ava was able to get her physical examination in her Connecticut School Based Health Center and went right back to class.

- ✓ Her mom did not have to worry about getting transportation to a doctor's appointment.
- ✓ Well child exams are the best way to identify untreated medical issues.
- ✓ Ava's SBHC kept her in school – healthy and learning!
- ✓ SBHCs improve academic performance, increase attendance, and reduce dropout rates.

HEALTHY KIDS MAKE BETTER LEARNERS
