BUSINESS SUMMARY

SEET Principals directed a nationally renowned wraparound family demonstration project in 1992 and has a 20 year track record of holistic family behavioral health intervention. Wraparound consultation and culturally responsive services are provided to families, communities, organizations, churches and school districts. SEET utilizes a systems approach to reunify youth to their community and school. Consultants specialize in the Wraparound Process, Cultural Competency, Community Organization, Faith Based Partnerships and Positive Behavior Interventions & Supports for educational systems. Wraparound is an evidence based practice for individualized needs planning, within an interdisciplinary team, for behavioral health. Services can be provided in Spanish.
