The Connecticut Association of School Based Health Centers

School Based Health Job Listings in Connecticut

After dozens of job inquiries from school based health professionals, CASBHC has launched school based health job listings in Connecticut. This job listing is intended to expand your benefits as a member of the Association and provide you with access to qualified and licensed health care professionals in Connecticut. CASBHC is trying to meet the high demand for school based health personnel with a new solution to filling positions in school based health centers.

School Based Health Center Job Listings in Connecticut are restricted to healthcare or administrative positions in school-based health centers.

- Job postings are included in the monthly CASBHC newsletter
- Job bank is promoted on the homepage of CTschoolhealth.org
- CTschoolhealth.org has hundreds of visitors a month
- Search engine optimization directs traffic to your job postings

Guidelines for Job Announcements

This information is provided to assist you in preparing and posting a job announcement on the school based health center job listing in Connecticut at www.ctschoolhealth.org.

Listing a position with the Connecticut Association of School Based Health Centers constitutes an acceptance of these terms. Jobs are posted directly to the job listing only after payment is received.

Job postings are reviewed by the Association staff on a daily basis. Association staff may, with or without notice, remove a listing from the web site if it is determined to be in violation of these guidelines or any federal or state laws. Job listings will be removed from the web site if it is determined by Association staff that:

1. The job seeker is charged an application or referral fee in order to be considered for employment (Note: Required costs for entering a profession, such as licenses or union dues that are a condition of employment, or the required use of personal property must be clearly stated on the job listing.)
2. The job listing contains illegal, offensive, or unsuitable content.
3. The job specifications are discriminatory on the basis of race, creed, color, sex, marital status, age, religion, national origin, sexual orientation, or physical, sensory, or mental disability, unless supported by a federal or state law or by a Bona Fide Occupational requirement.
4. The job site is located outside Connecticut.
5. The job listing is vague, redundant, out of date, or inappropriate for some other reason as determined by our staff or by complaints from users of the web site.
6. The listing fails to comply with employment related laws.
7. The listing is for recruitment into the Armed Services.

The Association's staff will also remove job listings from the site if the recruitment is for a position that is vacant because of a strike, employees have been locked out, or when the filling of the job opening is otherwise an issue in a labor dispute involving a work stoppage.

Job listings that do not clearly indicate the name of the listing company will not be allowed. It is the employer's responsibility to provide contact information so that job seekers may apply for the job directly, and to abide by these guidelines as well as all applicable laws and regulations.

Job listings will be accepted only for job openings to be filled within the next 60 days. Job listings will also only be accepted for openings within the State of Connecticut with an employer that: (a) currently has a school based health center location to which workers who are legally entitled to work in the United States may be referred for employment, and which proposes to employ a worker; and (b) has an employer relationship with respect to employees as indicated by the fact that the employer hires, fires, pays, supervises, and otherwise controls the work of the employee.

A private employment agency or other entity, including a union that recruits and refers job-seekers to other employers may post job openings as long as the job listing states: *"This position is listed by a private employment agency. The agency is not the legal employer; it is recruiting for the actual legal employer. No fee will be charged to the job applicant."* Or *"This position is listed by a union, not the legal employer. No fee will be charged to the job applicant."*

State, county, city and similar civil service opportunities can be listed on the Association job board if the employing unit is reasonably certain of filling a bona fide job opening within the next 60 days. Training or work experience opportunities must not be listed on the job board.

List Building - Names and personal information of center job seekers shall not be used for the purpose of building up lists for marketing purposes or for possible future use. Job listings are allowed only for specific jobs that are opened for direct hire within 60 days of the date posted. Use of personal information to contact job seekers for any non-employment related purpose is expressly prohibited.
