

# Exhibit at the November 8, 2022 Annual School Based Health Care Conference!

The Connecticut Association of School Based Health Centers' annual conference is the premier advocacy, networking, and continuing education forum for school based health professionals from across the state.

## Why be an Exhibitor?

Our annual conference provides direct access to a key audience for your school based health related ideas, products, and services. Here are the facts:

**93+**

There are more than 93 school based health centers in 27 communities.

**200+**

More than 250 people from across the country attend annually, and the number is growing.

Attendees want to know about goods and services related to child and adolescent health, school based health, mental health, and oral health

Asthma, diabetes, immunization, and obesity are a few of many issues that SBHC staff address on a daily basis.
